## Physiotherapist Meeting: Thursday, Oct 3rd at 6:30pm at the Palais de Congres de Montreal Conference Room 511A

---

Dear Colleagues,

Please join us at the 3rd World Parkinson Congress in Montreal in October of 2013 for a meeting with physiotherapists from around the world.

As many of you know, the World Parkinson Congress is designed to provide an international forum for the latest scientific discoveries, medical and rehabilitation practices related to Parkinson disease. The Congress provides an exciting opportunity for physiotherapists from around the world to gather together as a group and exchange ideas with colleagues.

Please join us on Thursday, Oct 3rd to 6:30 to 8:00 p.m. This event will include representatives from a variety of countries who will describe how physiotherapy services are implemented and organized to meet the rehabilitation needs of people with Parkinson disease from their respective countries. In addition, the European Physiotherapy Guideline for Parkinson Disease will be presented.

We look forward to seeing you at the WPC and hope you'll join your physiotherapy colleagues at this special event. Please RSVP via email to [trork@bu.edu](mailto:trork@bu.edu). Please include your name and institution.

Sincerely,

Terry Ellis, PT, PhD, NCS  
Director: Center for Neurorehabilitation, Boston University  
WPC Program Committee

Mary Solomon, PT  
President, International Neurological Physical Therapy Association

Mindy F. Levin, PhD, PT  
Professor, School of Physical and Occupational Therapy, McGill  
University

Mariella Graziano, PT, BSc  
President, Association of Physiotherapists in Parkinson's Disease Europe
